

### MAP LEGEND

- 12 Existing Area of Critical Environmental Concern / Research Natural Area
- D Potential Area of Critical Environmental Concern / Research Natural Area

#### Existing

- |                                    |                                |
|------------------------------------|--------------------------------|
| 1 = Pickett Rim ACEC               | 10 = Alvord Peak ACEC          |
| 2 = East Kiger Plateau ACEC/RNA    | 11 = Borax Lake ACEC           |
| 3 = Rooster Comb ACEC/RNA          | 12 = Pueblo Foothills ACEC/RNA |
| 4 = Little Blitzen ACEC/RNA        | 13 = Tum Tum Lake ACEC/RNA     |
| 5 = South Fork Willow Cr. ACEC/RNA | 14 = Long Draw ACEC/RNA        |
| 6 = Steens Mountain ACEC           |                                |
| 7 = Little Wildhorse Lake ACEC/RNA |                                |
| 8 = Mickey Basin ACEC/RNA          |                                |
| 9 = Alvord Desert ACEC             |                                |

#### Potential and/or Additions

- A = Fir Groves ACEC
- B = Steens Mountain ACEC
- C = Mickey Hot Springs ACEC
- D = North Catlow Rim ACEC
- E = Catlow Redband Trout ACEC
- F = Big Alvord Creek ACEC/RNA Addition
- G = Alvord Desert ACEC
- H = Serrano Point ACEC/RNA
- I = Borax Lake ACEC
- J = East Fork Trout Cr. ACEC/RNA
